

NOVATEK CORPORATION SCOPE OF SUPPLY

	Material's We Can Offer	Scope Of Supply	Quality Standards	Qaulity TESTS
Forgings (Nickel Base)	NICKEL BASE ALLOY MATERIALS INCONEL 600 -617 -625 -718-X750 Incoloy 800 - 800H - 825 - 925 Monel 400 - K500	Valve Body , Stem , Seat Rings , Discs, Round Bars,Sleeves Max Unit Weight : 2000 Kg	DNV Norsok M - 650 Certification For Grades : Ni 825 ,625 ,Ni - 718 , X -750	We can provide ,Manufactures Test certificate in EN 10204 3.1 , AS WELL Can arrange for 3.2 also . CAN manufacture as per all International standars as ASME , EN, DIN We can Supply material As per API Stamdards For Corrosion Tests (G28 , G48) As per NACE Standards as required by Oil & Gas Industry
Forgings (Iron Base)	Iron Base Alloys Materials F51 , F55 , F53 , 904L , 25 -6 Mo (UNS No 8926)	Valve Body , Stem , Seat Rings , Discs, Round Bars,Sleeves Max Unit Weight : 2000 Kg	DNV Norsok M - 650 Certification For Grades : 25-6Mo UNS 8926 , ISO17025 For Duplex & Super Duplex	
CASTINGS	Nickel Base Alloy Material Cobalt Base Alloys Material Iron and Copper Based (Please refer PPT For all the grades)	Casting Processes : 1.Investment Casting 2.Sand Casting : Max Unit Wt : 5000 Kg 3. Centrifugal Castings : CASTING Ball Valves From 4-12 Inch Bushing Max Dia 520 mm	DNV : PED 97/23/EC For Castings Certification for pressure parts
